Canon

*i*475D
Desktop Photo Printer

Photo Friendly Direct Printing.

- Direct photo printing from compatible digital cameras & memory cards
- Easy previews and fast prints with Canon Photo Viewer
- Maximum 4800 x 1200 color dpi with droplets as small as 2 picoliters
- Edge-to-edge true borderless photos (4 x 6, 5 x 7 and 8.5 x 11 in.)
- Up to 18 ppm black/up to 12 ppm color
- Easy-PhotoPrint and Easy-WebPrint software included

Printing digital photos just got easier. And more direct.

The Canon *i*475D Desktop Photo Printer gives you incredible printing flexibility. You can print directly from a wide variety of media cards* using its built-in slots—no computer required! You can also connect any Bubble Jet Direct** or PictBridge-compatible** digital camera or camcorder directly to the *i*475D printer and print. The *i*475D printer comes with the unique Canon Photo Viewer feature that can be activated when connected to a PC for fast viewing and printing of digital images. You can display images directly on your computer monitor and use your PC's CPU for high-speed printing.

Advanced printing for better colors and sharper text.

The *i*475D Desktop Photo Printer achieves speeds of up to 18 ppm in black*** and up to 12 ppm in color,*** along with maximum resolution of 4800 x 1200 color dpi.† Canon advanced MicroFine Droplet Technology™ uses a revolutionary nozzle system that ejects consistent prescribed-volume droplets in sizes as small as 2 picoliters, for smoother, more photo-realistic images. Looking for laser quality text? For important documents, letters and e-mails, the *i*475D uses pigment-based black ink for the richest text possible. The *i*475D printer also enables you to print edge-to-edge true borderless photos with the look and feel of traditional photographs. Print 4" x 6" borderless photos fast and enlarge your favorite shots to 5" x 7" or 8.5" x 11".

Easy Photo and Web printing.

The included Easy-PhotoPrint†† software, an Exif Print 2.2 compatible application, makes it simple to print brilliant digital photos. It faithfully reproduces the colors digitally captured, while improving image quality by virtually eliminating "Photo Noise" and boosting color saturation with "Vivid Photo" driver enhancements. The result: more perfect-looking photos that you can't wait to share. Canon developed Easy-WebPrint†† software to help eliminate the hassles of Web printing. Now, Web pages are automatically formatted, so they'll print properly with full color and without trimming off the right-hand margin.

* Compatible memory cards include Compact Flash,™ Micro Drive,™ SmartMedia,™ Memory Stick® (excluding PRO™), SD Card™ and MultimediaCard,™ xD-Picture Card,™ Memory Stick® Duo™ and mini-SD Card™ can be used with the addition of a special adapter sold separately.

** For a listing of select Canon digital cameras and camcorders featuring Bubble Jet Direct or PictBridge direct printing technology, visit **www.usa.canon.com/consumer/directprint**. To determine if a non-Canon brand camera or camcorder is PictBridge-compatible, please consult the manufacturer.

*** PPM print speed based on highest speed printer driver setting. Print speed will vary based on system configuration, software, document complexity, print mode and page coverage.

† Resolution may vary based on printer driver setting. Ink droplets can be placed with a minimum pitch of 1/4800 inch.

†† Easy-PhotoPrint is not supported on Mac OS 8.6. Easy-WebPrint is compatible with Windows® XP and Windows 2000/Me/98 only, and requires Microsoft® Internet Explorer version 5.5, version 6.0 recommended.
